

UAS PEMOGRAMAN

Nama : Manurung Alex Roger

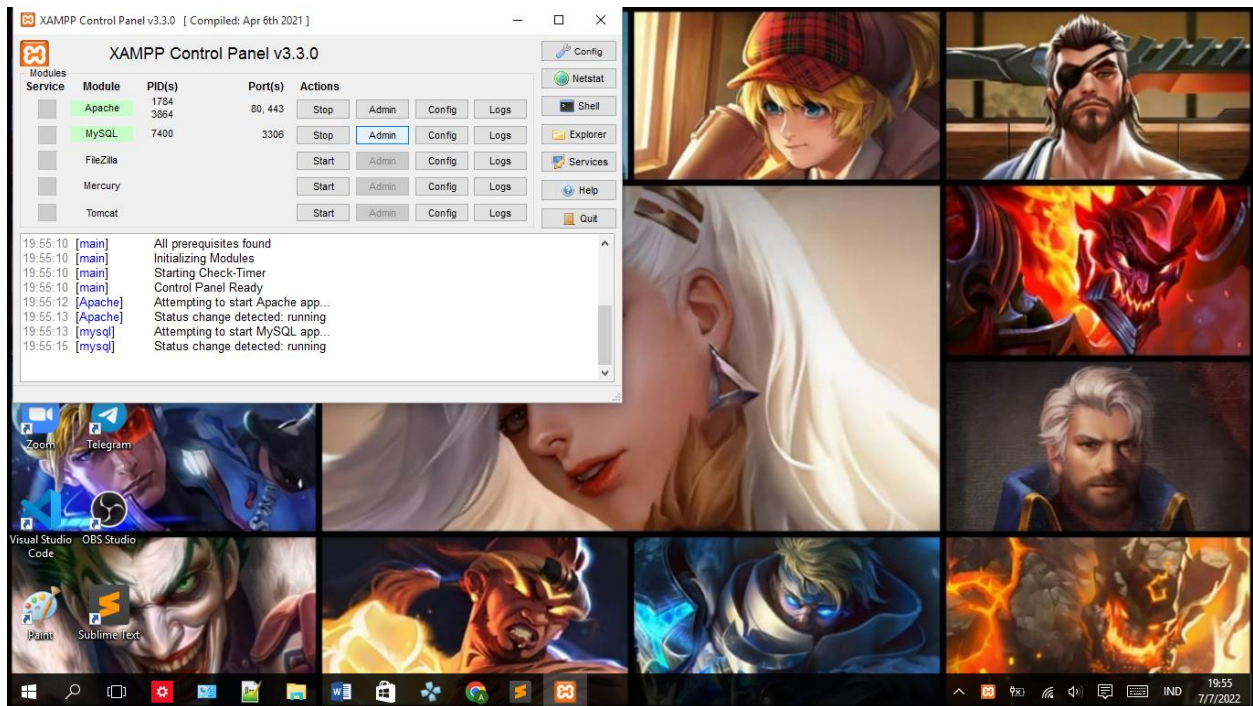

Kelas : TI.20.A.2

NIM : 312010478

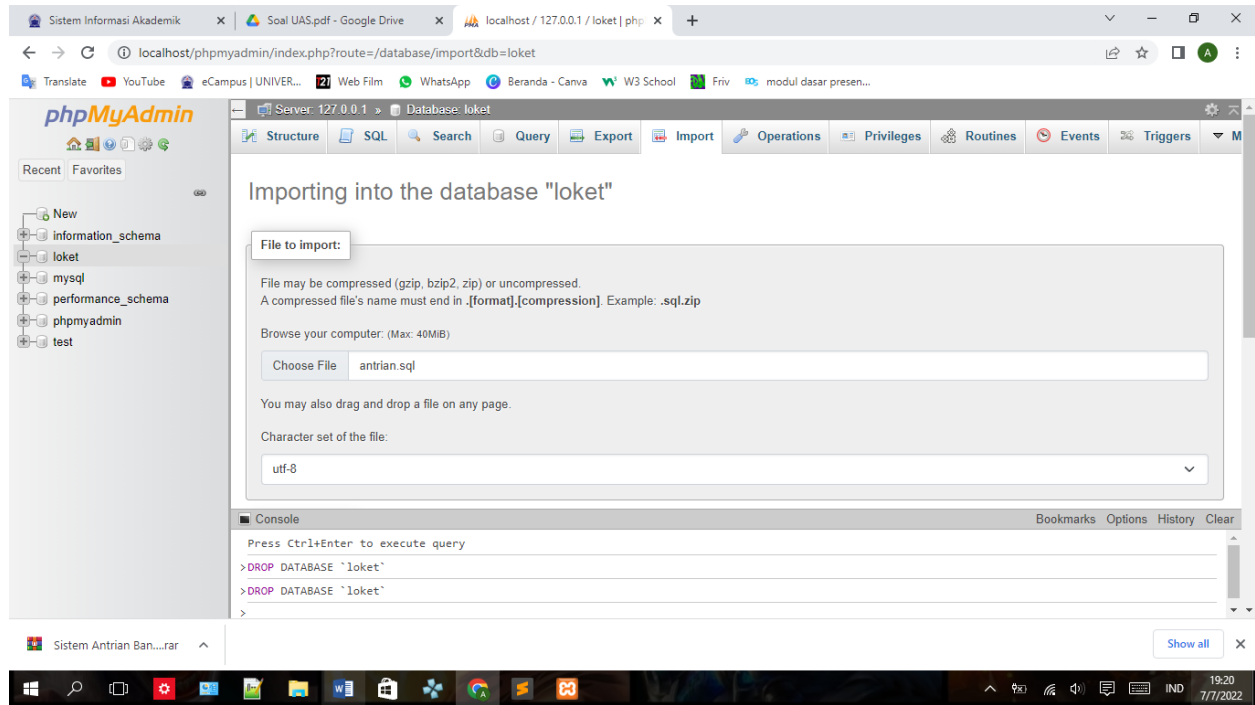

Isi file xampp/htdocs/loket

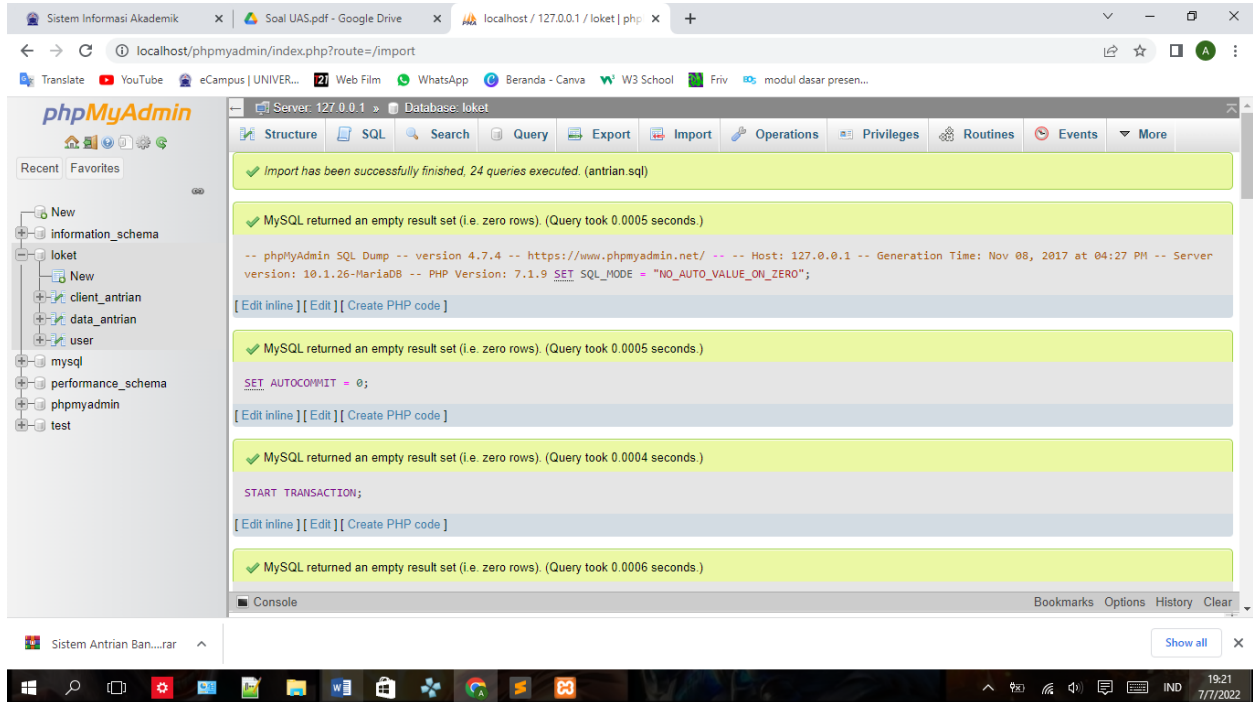

Kemudian buka xampp, nyalakan Apache dan Mysql, lalu tekan admin di bagian Mysql

Kemudian akan masuk ke PhpMyAdmin, lalu membuat database bernama "loket", dan setelah itu import file SQL yang ada di htdocs/loket

Dan ini hasil dari import tadi

Kemudian mencoba login

The screenshot displays a web browser window with the address bar showing `localhost/loket/view/`. The browser tabs include 'Sistem Informasi Akademik', 'Soal UAS.pdf - Google Drive', 'localhost / 127.0.0.1 / loket | php', and 'Sistem Bank'. The login form is centered on the page and contains the following elements:

- Log in** (Section Header)
- (Username input field)
- (Password input field)
- ☐ Remember me on this computer
- (Daftar button)
- (Log in button)

The Windows taskbar at the bottom shows the following icons from left to right: Start button, Search, Task View, Settings, Edge, File Explorer, Word, PowerPoint, OneDrive, and several background applications. The system tray on the right shows the date and time as 19:22 on 7/7/2022.

Setelah masuk kita bisa membuat antrian untuk loket kita

The screenshot displays a web application interface for a bank system. The browser window shows multiple tabs, with the active one being 'localhost / 127.0.0.1 / loket | php'. The address bar indicates the URL 'localhost/loket/view/landingpage.php'. The page header is 'Sistem Bank'. The sidebar on the left contains the following links: 'Beranda', 'Buka Rekening', 'Layanan', 'Tambah Loket', and 'Keluar'. The main content area is titled 'Sitem Bank' and 'Antrian Yang Sedang Berjalan'. It features two primary action buttons: 'Nasabah Antrian' and 'Admin Setting Antrian', each with a 'Klik disini' link. The footer of the page states 'Copyright © Sistem Informasi Universitas Riau 2017'. The Windows taskbar at the bottom shows the system clock as 19:23 on 7/7/2022.

Pengambilan nomor antrian
